Also the community will be something different as you will get a gym, sauna and even a coworking space, so no need to go to the office or the gym, you have it all on your own urbanisation. Alcaidesa is the one that will combine the costa del sol and the costa de la luz and we can see it is getting famous under the quality golf players as the golf course in Alcaidesa won the price for the best golf course in 2023.
