REDUCED - Apartment Salia is the perfect lock up and leave property located in Puente Don Manuel, a vibrant little community with many amenities (restaurants, bars, shops – even a cracking hardware store). As well as the local Spanish community, many foreign residents regularly eat out and socialise in its bars and restaurants so it is easy to meet and mix with others. The apartment is on the ground floor of a well-established, old cortijo type building which has been segregated into four separate apartments. Puente don Manuel's olive oil factory is located behind but only in operation 8 to 10 weeks of the year and only a few minutes walk from El Cruze, the main crossroads. Fully reformed and modernised, it provides a light and spacious indoor living area and also has a large covered terrace at its front. On entering you will notice the high ceilings and the rustic features such as wooden lintels and a large open corner fire. The open plan living area is open and airy, the country kitchen has a breakfast bar with room for a dining area and the lounge/sitting area. The metal double doors lead out to the large covered terrace with views overlooking green eucalyptus trees where a water course runs about 100m away. The main bedroom is a spacious double and the second a bunk room or ideal for an office. The bathroom is spacious with both a full size bath and corner shower. There is no community charge on the apartment and the council tax is minimal so running costs will be consequently low. This, in addition to its excellent low offer price, make the property a superb start property for anyone looking to buy or rent a property in Spain.
