PRE-LAUNCH | New Build Marbella West

An exclusive new build project in Marbella West, developed by one of Spain's most reputable developers.

A project that stands out from day one due to its location, architectural quality and level of finishing.

Viewings will start from next month, and we are among the first agencies actively promoting this project. For good reason.

The combination of a true A-location, high-quality specifications and a variety of property types makes this one of the most promising new launches we have seen this year.

This new development offers a carefully designed select... (Ask for More Details!)

PRE-LAUNCH | New Build Marbella West

An exclusive new build project in Marbella West, developed by one of Spain's most reputable developers. A project that stands out from day one due to its location, architectural quality and level of finishing.

Viewings will start from next month, and we are among the first agencies actively promoting this project. For good reason.

The combination of a true A-location, high-quality specifications and a variety of property types makes this one of the most promising new launches we have seen this year.

This new development offers a carefully designed selection of apartments, sky villas and iconic residences, all featuring generous terraces, resort-style amenities and a strong focus on light, space and long-term living comfort.

This is not a mass-market development, but a well-considered residential concept for buyers who value quality and sustainable appeal.

For those looking for a new build property in Marbella with solid fundamentals and clear positioning, this is a project worth following from the very start.
