In the hills of Sierra Cortina, Finestrat, a new residential project is being realised with modern townhouses with sea views towards Benidorm. In this first phase, 11 semi-detached villas will be built.
Description
The new build villas are designed with a bioclimatic concept and focused on low energy consumption. Large windows provide plenty of natural light and connect the interior with the terraces and garden.
On the ground floor, there is a living-dining room, an open kitchen with Bosch appliances or equivalent, a bedroom and a bathroom. An internal staircase leads to the upper floor with two bedrooms, each with an en-suite bathroom and a private terrace.
The homes are built with high-quality materials and are equipped with home automation, electric shutters in the bedrooms, a security door and preparation for air conditioning via ducts. Outside, each home has a landscaped garden with grass, trees and a sprinkler system. The complex also offers a communal swimming pool and a children's play area.
