New apartments in the tallest residential skyscraper in Europe, just 150 meters from Playa de Poniente in Benidorm. Featuring sea views, swimming pools, wellness facilities, and a Sky Bar. Located just 150 meters from Playa de Poniente in Benidorm, a residential complex of 230 meters in height and 64 floors is being developed. This will be the tallest residential building in Europe, offering apartments with 1 to 4 bedrooms and direct views of the Mediterranean Sea. Ideally situated near the beach, city center, marina in Villajoyosa, theme parks, shopping centers, restaurants, etc. The construction of the building is well underway, with completion expected in August 2028. Description The complex consists of 263 apartments with various layouts. Large windows ensure plenty of daylight and provide access to spacious terraces with sea views. The homes will be equipped with an Italian kitchen featuring high-end appliances, underfloor heating, climate control, and home automation. A parking space and storage room are included with each unit. Residents will have access to over 10,000 m² of communal facilities. Multiple outdoor swimming pools will be available, including a heated sports pool and children's pool, jacuzzis, and spacious areas with sun loungers. On the 21st floor, there will be a gym and yoga garden with sea views. The 22nd floor will be designed as a wellness area featuring a heated indoor pool, Finnish sauna, Turkish bath, and sensation showers. Additionally, there will be coworking spaces, a residents' lounge, a cinema and sports room, and a Kids Club. Notably, the Sky Bar with a private observatory on the 64th floor will be exclusive for residents.
