UNDER OFFER

This 4 bedroom, 2 bathroom refurbished village house is located in a residential street within Álora pueblo. The total build size is 191m² and the accommodation is distributed over 3 levels. At upper street level one enters the property via a very pretty front terrace which hosts a lovely bougainvillea shrub. The accommodation on this level comprises of a bright welcoming entrance hall, a lounge, a separate dining room or 4th bedroom and a large dining kitchen which enjoys access out to a small patio. An attractive marble staircase leads from the entrance hall to the upper level which hosts a generous landing area, two further very generous double bedrooms and a spacious family bathroom. This level enjoys direct access out on to a very attractive expansive terrace which hosts lovely views across Álora pueblo to the countryside beyond. The owners have installed a bespoke, adjustable sun canopy which can offer shade if required when the Andalusian sun is at its hottest! A few steps lead up from this terrace to two further terraces, one of which also enjoys the benefit of an adjustable sun canopy and hosts truly amazing views of the Andalusian countryside and the historic Álora castle. In addition to the main living accommodation, this property also offers further accommodation at lower street level which has access by an internal staircase but also has the benefit of direct access from the lower street. The space on this level extends to 67m² and currently offers a garage plus two rooms and a shower room so thus offers the flexibility to provide independent accommodation for guests or extended family. This really is a very attractive and spacious property with very generous outdoor space and, of course, the added advantage of a private garage. Ideal for permanent living or for use as a "lock up and go" holiday home. All mains services are connected.
