Here is a wood-burning stove for the colder winter days.

In these 2 rooms there is an authentic beamed ceiling.

The next space is going to back of the house into the dining room.

Through a small step you enter the kitchen which is fully equipped with gas hob, extractor, dishwasher and a large fridge.

Connection for the washing machine is also in the kitchen.

From the kitchen is also the stairs to the 1st floor.

Behind the kitchen is a small hall with the door leading to the stairs for the roof terrace.

Attached to this hallway is a spacious bedroom with ensuite bathroom.

The upper floor has 1 large bedroom and 1 small bedroom (now used as an office) with a bathroom in between.

The larger bedroom has another space that could very well be used as a walk-in closet.
