Los Montesinos Apartment The apartment comprises of two bedrooms, one bathroom, independent kitchen, reception hall, roof top solarium with spectacular views over the local salt lakes and mountains, and its own private underground parking. This apartment is just minutes away from shops, bars restaurants, supermarkets, etc. The golden sandy Blue Flag beaches of Costa Blanca South are only 15 minutes away by car. The small traditional Spanish town of Los Montesinos is well located close to the larger town of Torrevieja. Torrevieja is located amongst lagoons, on a great plain, a destination of great importance. The current municipality grew next to a tower (Torre), the old one (la Vieja), which gave it its name along with some natural characteristics that have marked its history and its daily life. The area boasts some splendid beaches, with which it has developed its tourist capacity in combination with its seafaring and salt-making tradition. Today, also, the production of Salt, one of the main European producers, has a competitor in international recognition, the Cuban dances and its International contest, declared as being of International tourist interest, which celebrates in homage to the "Torrevejeneses" that traded with Cuba, colony from which they brought these melodies. For sightseeing in Torrevieja you can enjoy the harbour, the fish market, the Church of La Inmaculata Conception, the Iglesia de Nuestra Señora del Rosario, tour of the S-61 Delfin submarine and the museum of sea and salt. Torrevieja is surrounded by the salt lakes of the Laguna Salada de la Mata and the Laguna Salada de Torrevieja and as a result the climate is meant to be very healthy especially for people with arthritis. The salt lakes are protected and form a natural habitat for numerous protected species of bird such as the greater Flamingo and Montagu's harrier. Torrevieja is almost becoming a city it is expanding so rapidly and as a result facilities are very good with three excellent hospitals. There are also private and national health clinics with many doctors and dentists of all nationalities.
