OFF PLAN VILLAS - Venetian kitchen from Zampieri - Fully equipped kitchen
www-8.resales-online/live/ReSales/EditProperty/FormEditProperty.asp?P1=3948241&P3=30&Nav=1&LastResult=1#en with Bosch appliances - Aerothermal air condition system - En-suite bathroom - Home automation system - Safe - Alarm - Pool with LED light - Huge storage - Fireplace - 10 restaurants, beach club and sport club on site - Arovate concierge with app for service These penthouses are like villas on 3 floors with a big solarium but you also have a spacious terrace direct from the livingroom. The kitchens will be fully equipped with appliances such as micro, oven, fridge/freezer, extractor and dishwasher. You have fitted wardrobes with sliding doors in the bedroom. There will be pre-installation for electric blinds in bedrooms and the livingroom. All inspired by nature with natural wood and stone as main features giving a relaxed atmosphere. The complex will have pool, gym and co-working area. This development is set on the border between Benalmadena and Fuengirola with nice panoramic view out over the Fuengirola bay. You are within walking distance to some restaurants and a supermarket. The bus is close by going from Mijas to Benalmadena/Arroyo train station. This is a nice modern choice for the people who want to work from home but still have contact with other workers.
