A beautiful project with Modern Villas being constructed in the sought after town of Albir, adjoining with the Natural Park, and very close to all amenities. Albir features a "Blue Flag" beach, bars, coffee shops, restaurants, a Lighthouse and a Roman Villa. It is an ideal town to live all year round or enjoy vacation periods. On the highest part of Albir we found the first maritime-terrestrial park of the Comunidad Valenciana, Sierra Helada. The location of this development is a contrast between tranquillity and nature with the Sierra Helada natural park just a few meters away and the vibrant energy of the centre of Albir just a few minutes walking. Each villa has its own garden and independent pool with an optional waterfall that slides down to the pool, as well as an optional integrated Jacuzzi. Its living room is a piece of a decoration magazine, with double height ceiling, kitchenette, wine cellar, interior garden with skylight, flying staircase and large windows to the gardens and terraces. It is a house that is designed so much to enjoy it in summer, thanks to its terraces, barbecue & bar area, as in winter, with its under floor heating, library and the integrated kitchen. The properties are 4 bedrooms, of which, 2 are master suites, one on each floor. A magnificent opportunity! These Villas will sell very fast. Please contact us today to arrange your personalised tour.
